HANNA JACOBSSON HOSK

JUNIOR WEB/FRONTEND DEVELOPER

Enthusiastic and energetic with a love for coding and learning.

ABOUT ME

Hi, I'm Hanna, a curiosity-driven and motivated junior Frontend Developer with a strong work ethic. I am outgoing, energetic, and I appreciate working in teams just as much as independently. I genuinely love learning and challenging my creative and problem-solving skills. Coding really inspires me, and I am truly fascinated by its possibilities. Currently, I focus on technologies such as CSS/Tailwind, JavaScript, React/Next.js, TypeScript, Node.js/Express, Prisma, and REST APIs, as well as low-code solutions like Squarespace and Shopify. I am also very excited to learn more about AI and other emerging tools.
